Learn the Strategies of *Canada's Youngest Retiree* at your Clarington Public Library!

May 29, 2012—Come and meet Derek Foster who **left the rat race at the age of 34**. His investing approach allowed him to become a millionaire in his 30s—but is simple enough for any 6-year-old to understand. Also learn some little-known tips for securing your retirement from his newest book, *The Worried Boomer*.

Take this rare opportunity to learn these strategies as they are revealed in person—and be able to ask questions of the expert! This presentation might change your financial future.

“I think it’s so important for Canadians to take control of their retirement and financial future,” states Derek. “People can be frightened of investing, of doing the wrong thing, and they end up doing nothing or very little. The key is not to go for the big score with something like Nortel but focus on the basics—toothpaste, utility companies; people will always need to brush their teeth and heat their homes, even in a recession.”

Derek, author of national best-sellers *Stop Working Too, You Still Can!*, *Money for Nothing and Your Stocks for Free!*, *The Lazy Investor*, and his latest book, *The Worried Boomer*, will be hosting the seminar “Want to Retire Early? Learn How” on **Monday, June 11th** from **6:30 to 7:30 p.m.** at the **Newcastle Branch** of the Clarington Public Library. This relaxed session is accessible to anyone, from first-time investors to those looking to retire; no understanding of typical financial jargon required. A portion of the session will be dedicated to answering investment questions from the audience.

Space is limited, so advance registration is required. The seminar is offered at no charge.

Learn how to retire early and other savvy investment tips from financial guru Derek Foster on Monday, June 11th from 6:30 to 7:30 p.m. at the Newcastle Branch of the Clarington Public Library (150 King Ave. E.).
